To snip out backgrounds that have more going on in them:
Click the Cut Out/Mask tool (looks like a pair of scissors)
At the top there are several options. This one is magic mask.
Click the background. Then use the eraser tool to erase whats left.

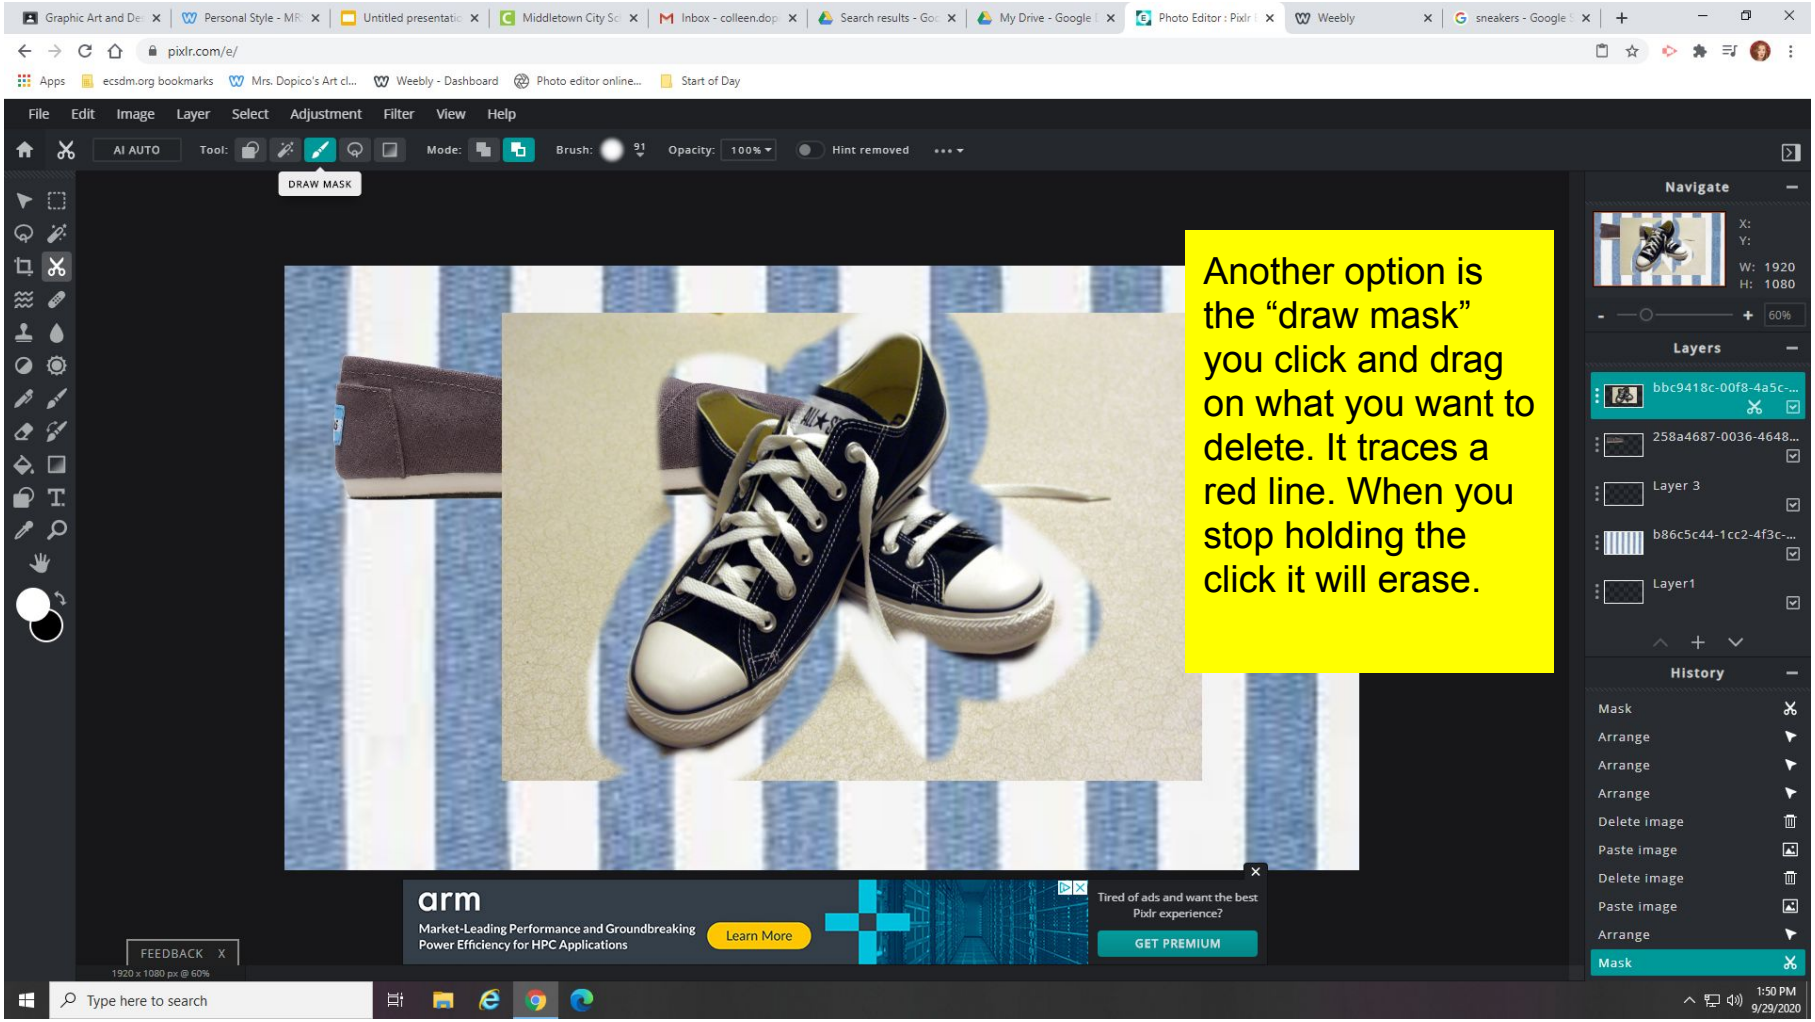
Here’s the eraser tool. You can change the size like a brush



Another option is the “draw mask” you click and drag on what you want to delete. It traces a red line. When you stop holding the click it will erase.
