

# Sneaker Presentation Board Tutorial

Go to [www.pixlr.com](http://www.pixlr.com) and use pixlr E

Click on Create New then the Full HD size. Press enter and it will open

Then go to your email. Open the email of the photo I sent you of your sneaker. Copy it, then click Edit > Paste to get it in here.

**Wand Select**  
Use the magic wand to select areas with similar colors.  
Keyboard shortcut (W)

Use the wand select tool to click on the white background of your drawing. Then press backspace on the keyboard to erase it.

**Navigate**

### Does Health

This study compares the impact of health insurance on outcomes for patients with multiple sclerosis. Here are the statistics and outcomes.

Ad By Well

See

Don't forget to put in at least 3 calls outs and 3 fabric swatches that would be used to make your shoe!

For example here I looked up blue patent leather and copy and pasted a square sample of it in my presentation board.

I also looked up arrows on google and copy and pasted those in too.
