

# ZENTANGLE VALUE SCALE WORKSHEET

Copy and paste the worksheet from the website into a NEW ADOBE ILLUSTRATOR FILE 8.5 X 11 INCHES!!!

Make a new layer and lock the worksheet layer.

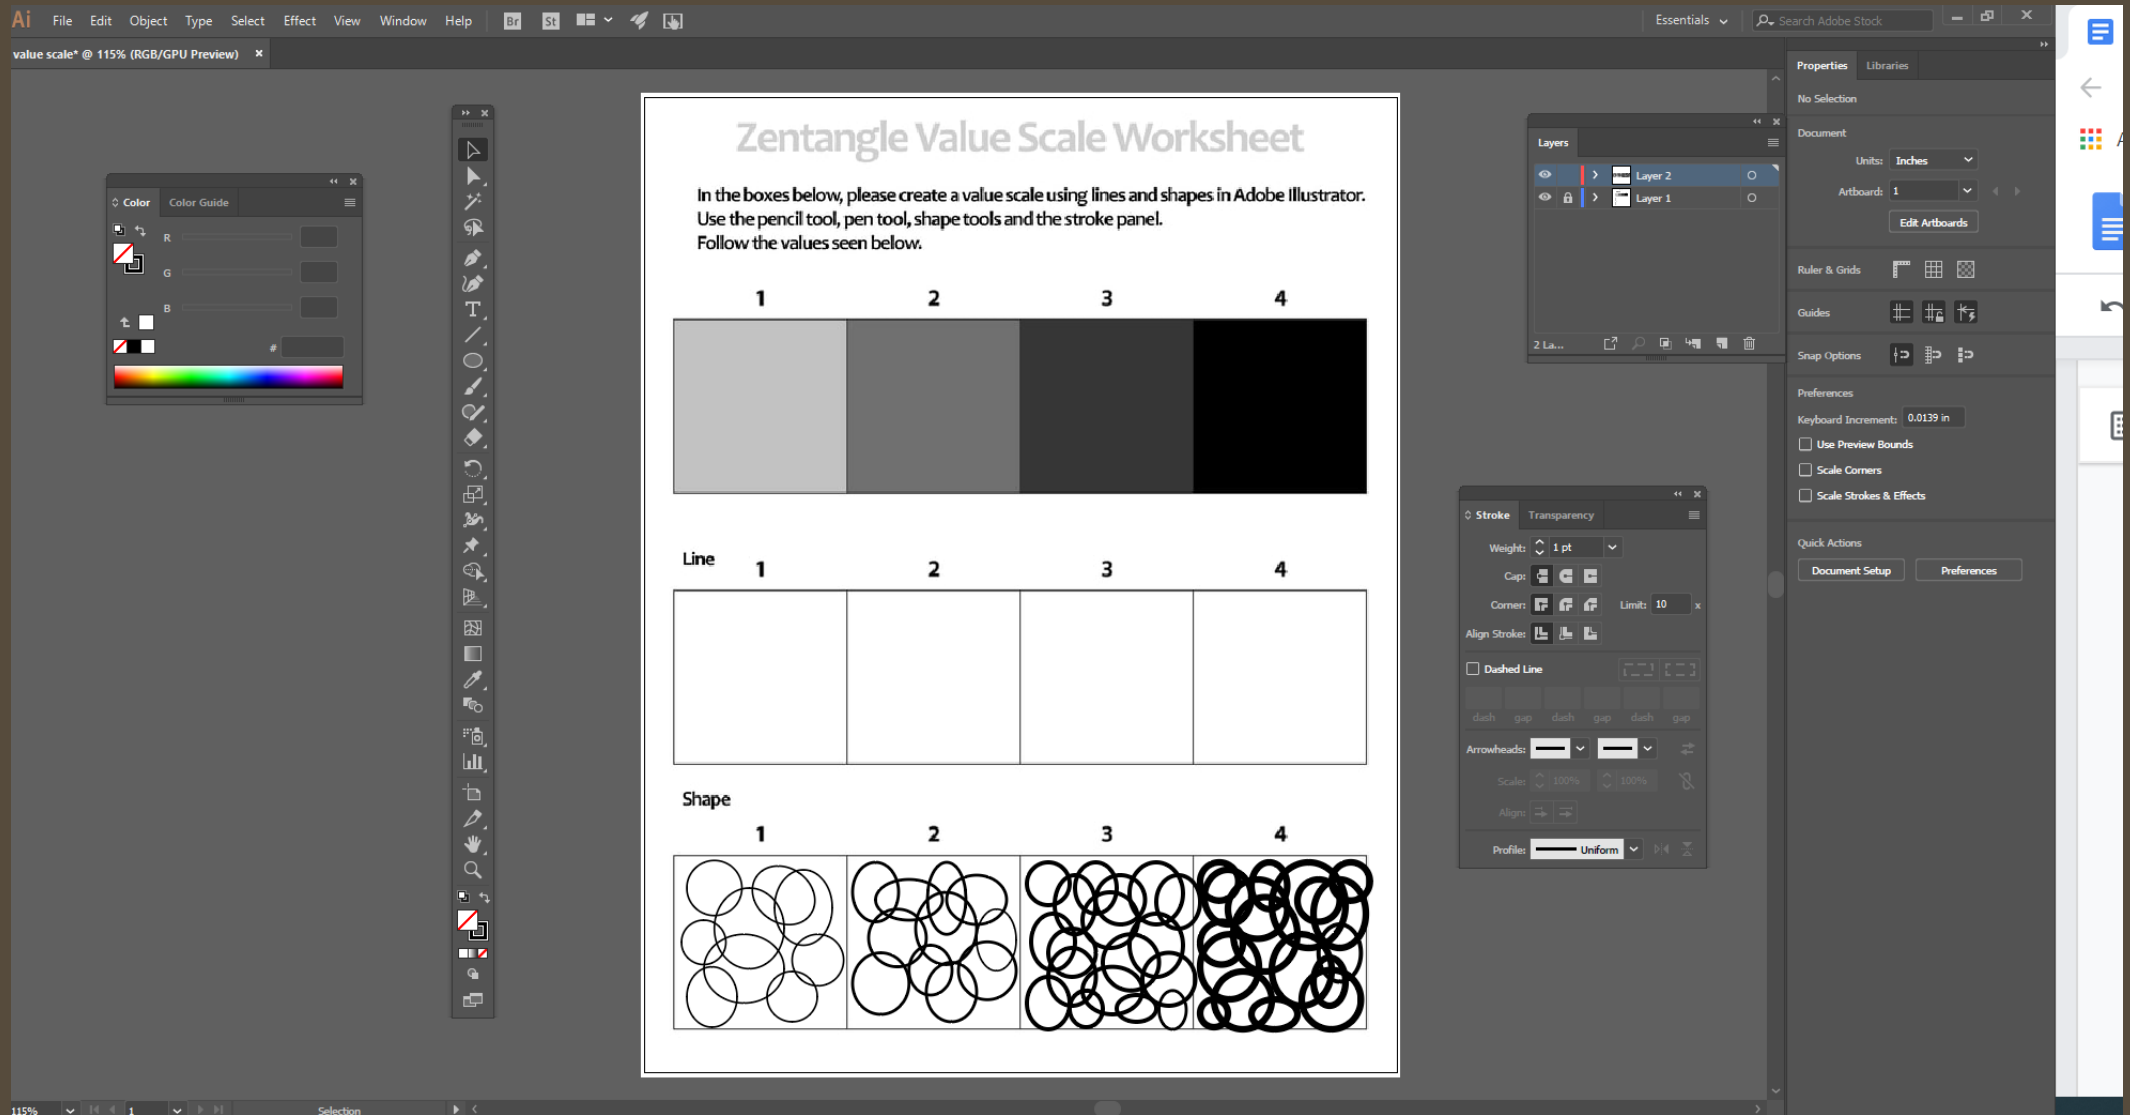

Stroke black, fill none

Also have  
your stroke  
panel open

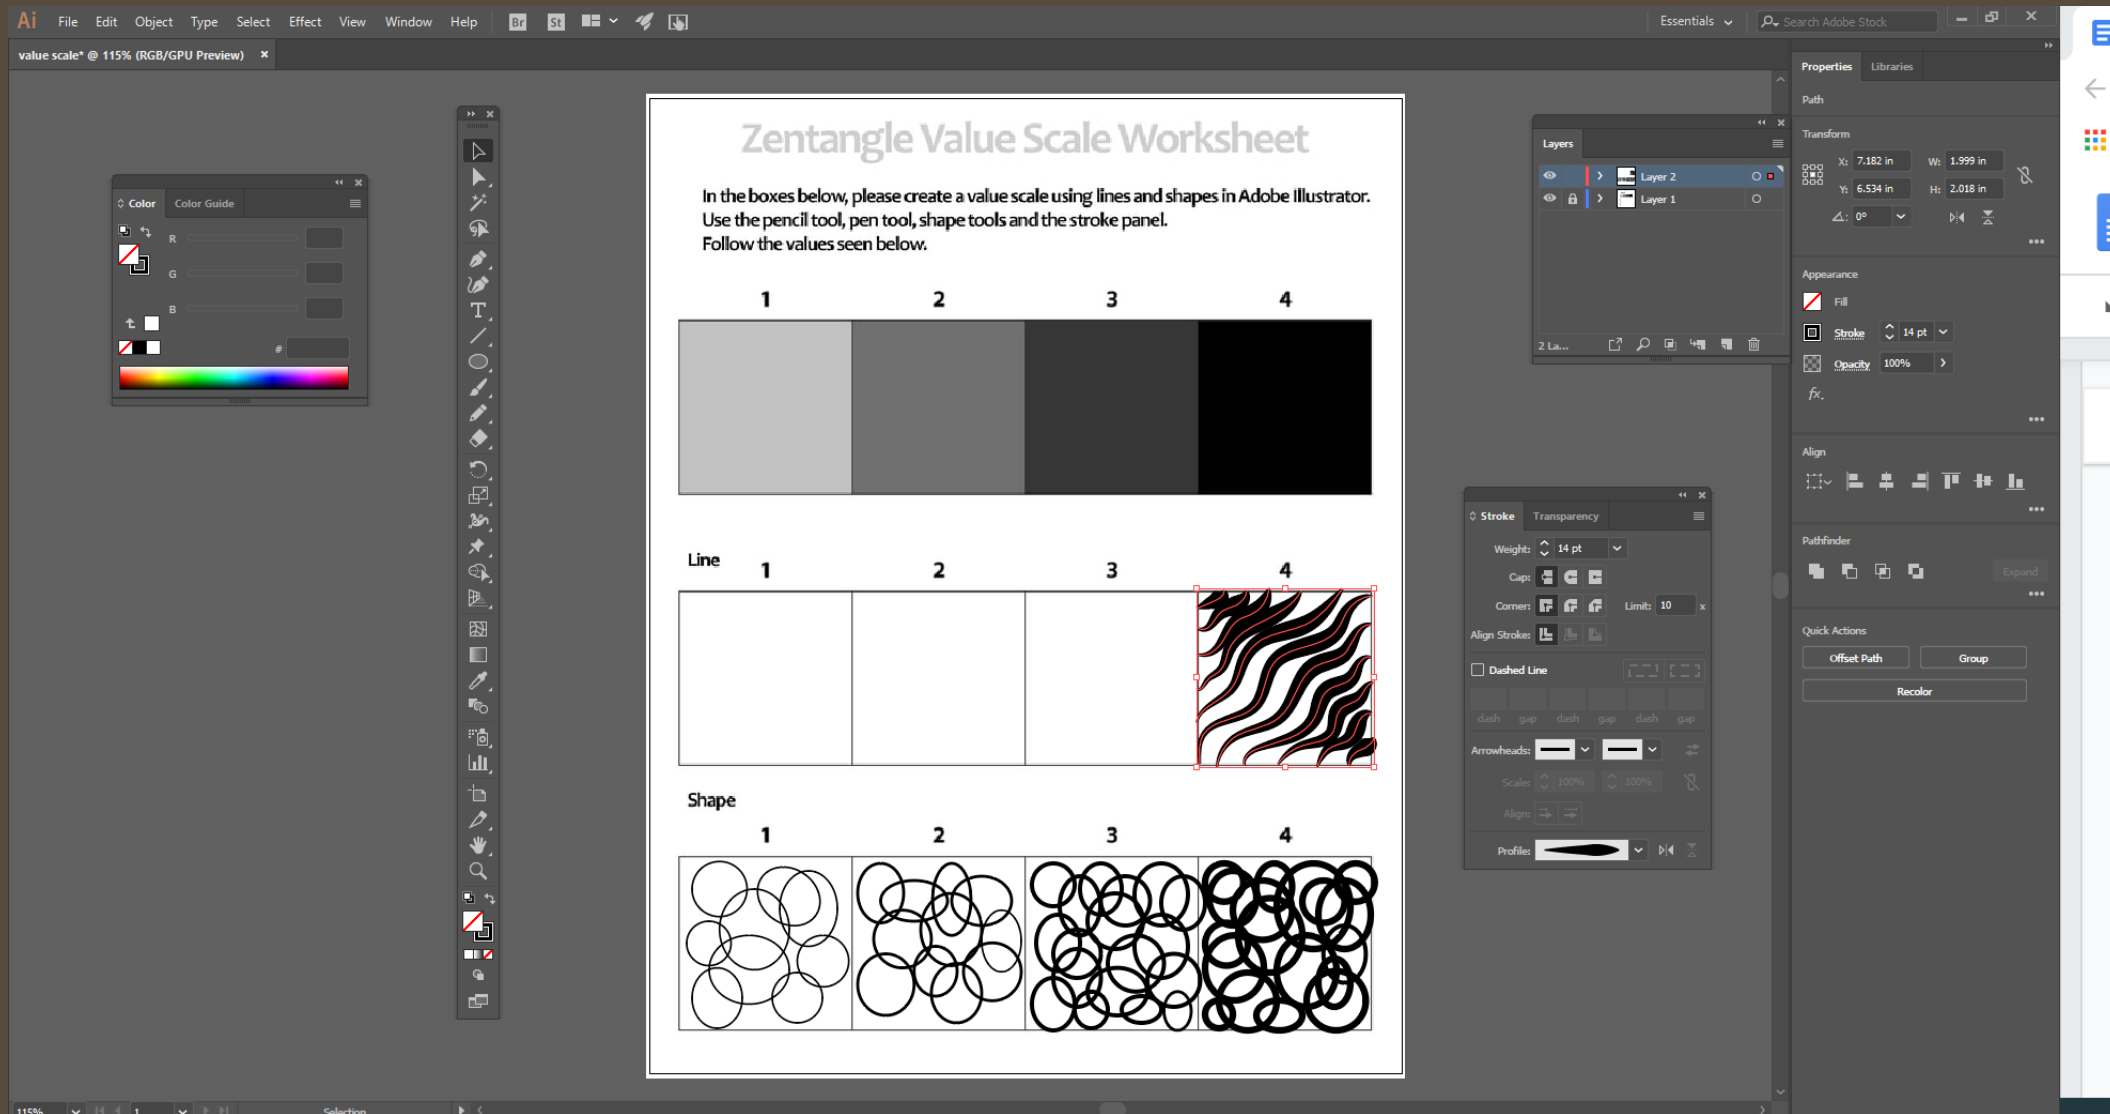

Window >  
Stroke >  
Show the  
options

Adjust the  
weight of  
the lines  
and shapes  
and the  
styles.

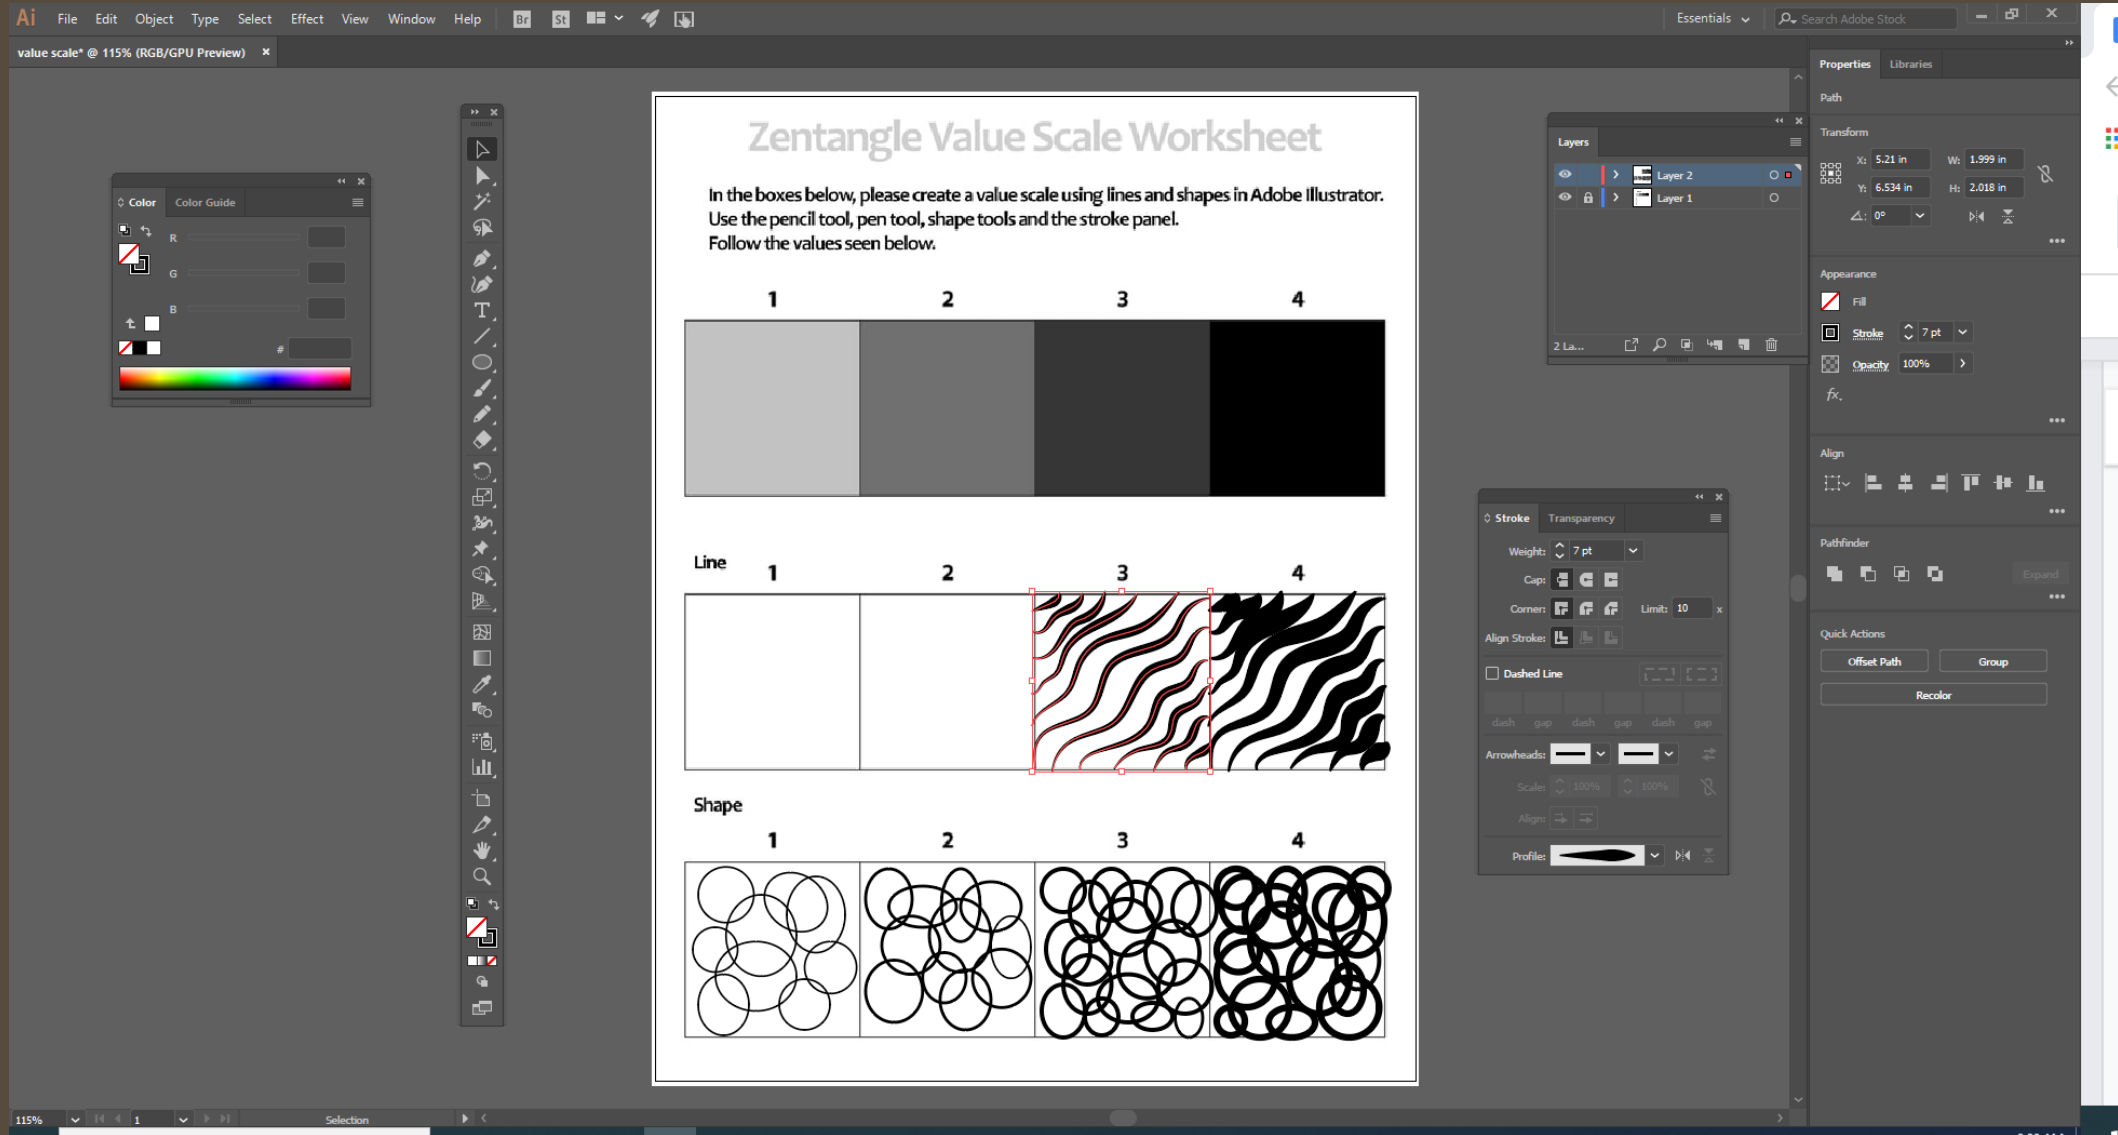

Remember  
you can copy  
and paste  
lines and  
shapes to  
make things  
go faster!

Click and  
drag a  
selection box  
Around the  
lines and you  
can adjust  
and copy and  
paste them  
all at once!

In my line value scale, I copy and pasted each box section and lightened up the line weight each time.

You can use the pen or pencil tools!

When done,

FILE > EXPORT > EXPORT AS  
> MAKE IT A JPEG AND  
THEN INSERT THE IMAGE  
INTO YOUR SLIDES FOR  
GRADING!!

## Zentangle Value Scale Worksheet

In the boxes below, please create a value scale using lines and shapes in Adobe Illustrator.  
Use the pencil tool, pen tool, shape tools and the stroke panel.  
Follow the values seen below.
